Dr. Torres,

Surgeon General

**My Medical Vacations**

Health Tourism Services  
Cancun - Mexico

My first experience with MMV was very welcoming. Maureen, my <sup>med.</sup> consultant spoke with me about the possible doctor & the various hotels here in Cancun. Throughout the decision making time she was so helpful by having me meet Dr. Torres via Skype. In addition she introduced me to 2 other US Citizens who had the procedure & was considering Maureen was like ~~the~~ family in Mexico. Even as I recovered she touched base to make certain I felt well. I sold myself on ~~this~~ MMV after the positive interaction with her. The YouTube videos and photos shared by her

I would give her 5 stars ★★★★★

My next contact was Betty Corona,  
Concierge, Betty also made ~~we~~ <sup>me</sup> feel  
excited to come to Cancun for my  
F.L. She was a caring woman who  
helped coordinate medical schedules,  
Travel and Transportation itineraries.  
She met me @ the airport Welcomed  
me ~~with a~~ <sup>personally</sup> as a guest. She is  
so sweet! Muchas Gracias Betty  
5 stars for you as well. ~~\*\*\*\*\*~~

Nurse Ana Lopez, RN

This young lady works very  
hard, she was a personal  
nurse ~~for~~ from driving me  
to my appointments to being  
with me pre, post surgery and  
through the first night.  
Everyday Ana was on call  
24/7. I had a question at 23:00  
and she got back to me immediately.  
Everyday she came to my  
hotel and cleared and dressed  
my incisions, ~~on~~ day two she  
assisted with my first shower  
~~getting~~ and hair washing.

Ana (cont)  
Ana taught me how to dress clean  
and take care of myself.  
She is THE BEST RN I have ever  
met. Ana is a caring nurse,  
translator, driver, and tourism  
specialist. She is invaluable  
to MMV. She is truly a loving  
nurse. Once again 5 stars.

Dr Edgar Torres, Surgeon

~~My initial meeting with Dr Torres~~  
was via Skype after the initial  
consult & made the decision to  
JUST DO IT! Dr Torres is a kind  
& patient medical professional!  
He is very thorough and I  
will continue to communicate with  
him once I am home.  
He said that his joy is know-  
ing how happy patients are after  
a surgery. 5 stars \*\*\*\*\*

If anyone is considering this  
procedure, don't wait, get the  
surgery done. Relax and recuperate  
in beautiful Cancun Mexico.  
Know that you are in the hands  
of a FAMILY of caring medical individuals  
who are fully professional.  
This has made me so happy.  
THANK YOU
